

To the parents of my Preschool Enrichment students,

I want you to know I feel incredibly blessed your child will be in my class this school year. Your child will be introduced to a wide variety of concepts. Some things they will take home in their hand, some in their minds, and others in their heart. The first thing they will learn when they come into our classroom is that we are a family. We are all brothers and sisters in Christ.

The first couple of weeks of school we will focus on our daily routines and procedures, how to be a friend, and just become acclimated with our school in general.

I will love your children as if they were my own. I will do my best to teach them all I can. We will explore together, learn together, grow together, and laugh together. I will do my best to make learning fun! I want their first experience of school to be wonderful, because learning is a wonderful thing.

I love books. We will do a lot of reading together this year. I want your child to love books as well. Along with reading comes some writing and drawing. We will also do a lot of cutting, coloring and gluing.

On Fridays, you will receive a letter from me letting you know what we will be working on in class for the following week. Whatever we are working on in class, I would encourage your child to practice at home as well, if needed.

If you have any questions or concerns, please feel free to contact me. You may call the school at 517-784-1714 or send me an email at dfarley@myjacs.org.

I look forward to a wonderful year as I serve our Lord and you!

Mrs. Dana Farley
