

## St. John Elementary 2016-17 School Directory

Dear Parents,

We would like to give each family of St. John Elementary the opportunity to be listed in the school directory. Contacting a classmate has never been easier! Each family will receive a directory at no cost!

While you may feel like you are repeating yourself by completing this, the school directory is **not** cross-referenced with the emergency cards or other school data. The directory is created only upon the return of this particular form.

If you would like to participate in the directory, please complete the form below and return it to the school office. St. John PTO will be collecting the family information and putting together the directory.

→ If you wish to omit information (i.e. telephone number, email address, etc/) please leave it blank.

→ SURNAME - Make sure you are entering your *child's* last name. If the last names of your children are different, please indicate it on the form. The listings will be created by the student's surname.

→ We ask that the Parent / Guardian complete this form to ensure that it is legible, and more importantly, that PARENTAL PERMISSION is given for this information to be printed in our school directory.

Thank you for your time and participation!

Monica Delaney  
St. John Parent/Teacher Organization- Chair
